*The Professional Development Institute
located at the University of North Texas*

The University of North Texas is the leading university of the Dallas/Fort Worth region of Texas.

It has more than 30,000 students and is the fourth largest university in Texas. As a doctoral/research university, UNT ranks in the top 4 percent of U.S. colleges and universities classified by the Carnegie Foundation. UNT is the flagship of the UNT system, which includes the UNT Health Sciences Center at Fort Worth and the UNT Dallas campus.

*The Professional Development Institute
located at the University of North Texas* is a not-for-profit corporation that has been in existence for more than 35 years. It serves as an important source of education, information and training.

In addition to programs in financial planning, PDI is a major supplier for oil and gas accounting education, corporate training, paralegal training and a number of other programs for professionals.

Legal/ Paralegal

Certificate
Programs

Good to Know...

PDI's affordable Paralegal Certificate Program is **ONLY 8 WEEKS** long. PDI has been training legal professionals for 18 years and has graduates throughout the nation working in the paralegal field, which is consistently ranked as one of the **fastest-growing professions** in the U.S.

certificate.pdi.org

PDI's affordable Paralegal Certificate Program awards you a certificate of completion after only eight weeks of intense review. Instructors include attorneys, paralegals and specialists.

According to the U.S. Department of Labor, the Bureau of Labor Statistics and the Occupational Outlook Quarterly, the paralegal profession is solidly ranked as one of the top ten fastest growing occupations! Salaries range from \$28,000 to \$75,000.

Why a Certificate Matters

According to the American Bar Association, becoming a "trained paralegal" is important because your **working hours are billable to clients**. Texas courts **demand proof of education** before a firm can bill for a paralegal's hours. **PDI's Paralegal Certificate Program awards a certificate that serves as proof.**

Dental Assistant Program

Certificate Programs

Good to Know...

According to the Bureau of Labor Statistics, dental assisting is one of the fastest-growing occupations in the U.S. Dentists have voiced support for increasing the supply of trained professionals in an effort to improve patient care.

certificate.pdi.org

PDI's new Dental Assistant program offers practical, hands-on training during an intensive, 16-week program. Students meet two evenings per week from 6 p.m. to 10 p.m. and every other Saturday. The program consists of 220 total hours of training.

These hours include an important Externship which includes working/observing in a functioning dental facility. This program is a hands-on learning experience.

Train with x-ray systems and utilize dental practice software while preparing to take the State licensing exam. At the conclusion of the program, students may take the State licensing exam.

Instructors

Program Consultant Dr. Danny Baird, DDS, has a Doctorate in Dental Surgery from Baylor College of Dentistry. He began his dental practice in 1986.

Terri Webb, RDA (Registered Dental Assistant), head instructor, brings 18 years of experience to the program. She attended Northwestern State University.

Scott Baird is a retired firefighter/emergency medical technician, an instructor trainer for the American Heart Association and a hearing and vision screener certified by the Texas State Department of Health Services.

PDI is part of the Ed2go network, a partnership between colleges and universities across the country.

All of the Ed2go courses are standardized 12-lesson modules released over a six week period. Each module features a quiz. Lessons are instructor-led and course participants and instructor communicate through a course discussion board. Lessons can be downloaded and saved. At the end of the course there is a final quiz. A passing grade opens a window that allows students to print out a course completion certificate.

Most courses are \$89 (check website for costs) and UNT faculty, staff and students receive a \$10 discount.
