

Join One of the Fastest-Growing Professions in the U.S.

Registered Dental Assistant

According to the Bureau of Labor Statistics, dental assisting is one of the **fastest-growing occupations in the U.S.** Dentists have voiced support for increasing the supply of trained professionals in an effort to improve patient care.

PDI's Registered Dental Assistant program offers hands-on training during a 14-week program. Students meet two evenings per week from 6 p.m. to 10 p.m. and every other Saturday from 8 a.m. until noon. The program consists of 160 total hours of training.

These hours include an important Externship which includes working/observing in a functioning dental facility. Train with x-ray systems and utilize dental practice software while preparing to take the State Licensing Exam. At the conclusion of the program, students may take the **State Licensing Exam.**

Instructors

Dr. Whitney Wolff earned a BBA from Baylor University in Waco with Magna Cum Laude honors. She received her Doctorate of Dental Surgery from Baylor College of Dentistry in Dallas.

Scott Baird is a retired firefighter/emergency medical technician, an instructor trainer for the American Heart Association and a hearing and vision screener certified by the Texas State Department of Health Services.
